

Hello Father Gio,

My name is Carl Casperson and I am the founder of a small Non-Profit 501(c)(3) Charity Organization. If you go to our website www.silentknightss.com, and go to the 'featured event' tab, you will see our latest effort. Go to our about us pages, and you will see our mission. We are happy to award you the enclosed check as part of our current outreach.

I am a parishioner of your parish, but make no mistake, this is all about you as a person not the priest of my church. We thought initially to donate our allotted award to the parish, but then thought again. We would like to award you personally and you can feel free to do what you wish with your award. On the Onsite of the virus, you truly touched and uplifted a community. We tuned in every Sunday to watch your online Mass. 100's tuned in being inspired and finding hope in a very scary time. We understand it is your mission as a disciple of Christ, but we also understand that you are a human being. In this case, we want to recognize that. In the world's most vulnerable time, we saw a man of bravery, leadership and optimism. Something not easy for any person. So, to you personally Giovanni Rodriguez, please accept this award to do what you wish. You deserve much more, and on behalf of the world, we thank you for making it a better place.
